Wax Recommendation

Wax Recommendation (Preliminary)

Glide Wax:

Apply 2 layers of HSF 30 Salmon over 1 layer of HS-20 Red

Top coat with Flite **Warm** 100% Fluoro Speed Additive

Grip Wax: Iron in a binder as the first layer and add 3 to 4 layers of

Rode Multigrade Green/Blue

For extra kick add Rode Super Blue or Super Blue Extra

Later waves have on hand Rode Violet Special

Ski

Medium to Stiff ski with Universal Grind or Universal Plus Grind

Finite Structure Tool: 0.4 mm linear
